

## ASIA PACIFIC TELECOMMUNITY

Our ref.: APT/ASTAP/AU.WG/2006-02

September 5, 2006

**Subject: Contribution to ITU-T SG/WP16 Meeting**

Dear Sir/Madam,

The Asia Pacific Telecommunity Standardization Program (ASTAP), during the Eleventh ASTAP Forum held in Bangkok, Thailand, decided to send a contribution from the Accessibility and Usability Working Group (AU WG) to the ITU-T SG/WP16 Meeting. Members favoured sending the contribution in the form of an APT Common Proposal, or APT Joint Proposal.

The contribution on “**APT Common Proposal regarding Accessibility Guidelines version 4**” is attached. Please note that the document shows proposed revised text. This is to assist the ITU Working Party identify over proposed changes.

This document is intended as a contribution under Study Question 26/16 “Accessibility to Multimedia Systems and Services” to the ITU-T SG/WP16 Meeting scheduled from 14 to 24 November 2006 in Geneva, Switzerland.

This document and other documents of the Accessibility and Usability Working Group are available from the APT web-site at <http://www.apr.int/Program/ASTAP/WG/AU/index.htm>.

Please write **Yes** against the document, if you wish the name of your Administration or Organization name to be included in the contribution to be sent to ITU-T SG/WP16, or **No** if you do not wish so, and send it to the APT Secretariat after affixing the signature of the concerned authority. The signed document should be sent by fax immediately and also by mail for proper records.

Due to shortage of time, it is important that in order to include the name of your Administration or Organization in the contribution, your confirmation should reach the APT Secretariat **the latest by 6<sup>h</sup> October 2006** for our further action. We seek your urgent action in this matter.

With best regards,

Yours sincerely,

R.B. Kumarapathirana  
Director Project Development

Attachment:

- 1) Document in contribution
- 2) Endorsement Form
